RE: Kansas Public Notice No. KS-Q-22-191  
Kansas Water Pollution Control Permit  
Permit No. M-LA13-SN01  
NEWTON, CITY OF

Dear Permittee:

The enclosed public notice and draft permit pertain to the referenced pending Kansas Water Pollution Control Permit and Authorization to Discharge under the National Pollutant Discharge Elimination System (NPDES).

Regulations require this department to issue a public notice to inform interested persons of the agency's intent to issue a Kansas/Federal Water Pollution Control Permit. The notice allows a 30-day period for comment by the applicant or other interested parties. If response to the notice indicates significant interest, a public hearing may be held. Please post the draft permit and the public notice in a conspicuous public place in your place of business (if a private business) or other public building (if a governmental entity) until the Comments Due Date identified in the public notice.

Any comments you have regarding the proposed permit should be sent to this office. If you have any questions, please contact me at (785) 296-2683.

Sincerely,

A handwritten signature in black ink that reads "Andrew Bowman". The signature is fluid and cursive.

Public Notice No. KS-AG-24-291  
Public Notice No. KS-AG-24-292/309  
Public Notice No. KS-Q-24-184/196

Beginning Date: SEPTEMBER 26, 2024  
Comments Due: OCTOBER 26, 2024

In accordance with Kansas Administrative Regulations 28-16-57a through 63, 28-18-1 through 17, 28-18a-1 through 31 and 33, 28-16-150 through 154, 28-46-7, and the authority vested with the State by the administrator of the U.S. Environmental Protection Agency, various draft water pollution control documents (permits, notices to revoke and reissue, notices to terminate) have been prepared and/or permit applications have been received for discharges to waters of the United States and the state of Kansas for the class of discharges described below.

The proposed actions concerning the draft documents are based on staff review, applying the appropriate standards, regulations, and effluent limitations of the state of Kansas and the Environmental Protection Agency. The final action will result in a Federal National Pollutant Discharge Elimination System Authorization and/or a Kansas Water Pollution Control permit being issued, subject to certain conditions, revocation, and reissuance of the designated permit or termination of the designated permit.

Las acciones propuestas con respecto a los documentos preliminares se basan en la revisión del personal, aplicando los estándares, regulaciones y limitaciones de efluentes apropiados del estado de Kansas y de la Agencia de Protección Ambiental de Estados Unidos. La acción final resultará en la emisión de una Autorización Federal del Sistema Nacional de Eliminación de Descargas de Contaminantes y un permiso de Control de Contaminación del Agua de Kansas, sujeto a ciertas condiciones, revocación y reemisión del permiso designado o terminación del permiso designado. **Public Notice No.: KS-Q-24-184/196**

**The requirements of the draft permit public noticed below are pursuant to the Kansas Surface Water Quality Standards, K.A.R. 28 16 28 (b g), and Federal Surface Water Criteria.**

NAME AND ADDRESS OF APPLICANT	RECEIVING STREAM	TYPE OF DISCHARGE
Hays, City of PO Box 490 Hays, KS 67601	Federal Permit No. KSR440008	Municipal Stormwater
Permit No. M-SH16-SN01		

The proposed action is to reissue an existing State/NPDES permit for an existing facility. The proposed action is to issue a new individual NPDES Municipal Separate Storm Sewer System (MS4) permit from an existing MS4 general permit. The proposed MS4 permit requires the permittee to develop, implement, and enforce a stormwater management program designed to reduce the discharge of pollutants from the MS4 to the maximum extent practicable, to protect water quality, and to satisfy the appropriate water quality requirements of the Clean Water Act and Kansas surface water quality statutes and regulations. The proposed permit requires the permittee to update the Stormwater Management Program document, implement six minimum control measures and implement best management practices to reduce any identified total maximum daily load (TMDL) regulated pollutants if listed in the permit (TMDL Table). If there is an identified TMDL regulated pollutant, surface water monitoring may be required on the impaired water body to evaluate performance of the best management practices. Monitoring of industrial stormwater discharges and oversight of construction activities within the MS4 may be required if it is applicable. The proposed permit requires the submittal of an annual report that addresses all compliance requirements for the previous year. This permit contains generic language to protect water quality.

Mound City, KS 66056  
Permit No. M-MC64-OO01

Big Sugar Creek  
via Sugar Creek

Municipal Stormwater

Federal Permit No. KS0092941

Legal Description: E $\frac{1}{2}$ , SW $\frac{1}{4}$ , SE $\frac{1}{4}$ , Section 17, Township 21S, Range 22E, Linn County  
Latitude: 38.21355

Longitude: -95.01307

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an

existing facility. The existing facility is a three cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas. The detention time at the design flow is calculated at 117.9 days. However, based on the current population and flow, the detention time is calculated at 196.6 days. This permit contains limits for Biochemical Oxygen Demand, and Total Suspended Solids. The permit contains monitoring for pH, Ammonia, and E. coli.

Downs, City of 715 Railroad Ave Downs, KS 67437 Permit No. M-SO12-OO02	North Fork Solomon River Treated Domestic via Unnamed Tributary  Federal Permit No. KS0098230
Legal Description: SW¼, NE¼, SW¼, Section 34, Township 6S, Range 11W, Osborne County	Longitude: -98.53891
Latitude: 39.48400	

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a three-cell wastewater stabilization lagoon system with a minimum of 120 days detention time. The facility receives domestic wastewater from residential and commercial areas and industrial wastewater from local manufacturers. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, and Ammonia. The permit contains monitoring for pH, E.coli, Total Phosphorus, Nitrates + Nitrites, Total Kjeldahl Nitrogen, Total Nitrogen, and Sulfates.

Phillipsburg, City of PO Box 447 Phillipsburg, KS 67661 Permit No. M-SO31-OO02	Plotner Creek via Unnamed Tributary  Federal Permit No. KS0097331	Treated Domestic
Legal Description: SW¼, SW¼, SW¼, Section 35, Township 3S, Range 18W, Phillips County	Longitude: -99.32680	
Latitude: 39.74194		

The proposed action consists of reissuance of a Kansas/NPDES Water Pollution Control permit for an existing facility. The existing facility is a mechanical wastewater treatment plant consisting of: screening and grit removal, extended aeration activated sludge AeroMod system, UV disinfection, cascade reaeration, and sludge belt filter press. The facility receives domestic wastewater from residential and commercial areas and industrial wastewater from local manufacturers. This permit contains limits for Biochemical Oxygen Demand, Total Suspended Solids, pH, Ammonia, and E. coli. The permit contains monitoring for Total Phosphorus, Nitrates + Nitrites, Total Kjeldahl Nitrogen, Total Nitrogen, Sulfates, Arsenic, and Selenium.

Redbarn pet Products – Kan-Can 30 South East 10 Road Great Bend, KS 67530 Permit No. I-UA16-BO02	Arkansas River  Federal Permit No. KS0000078	Process Wastewater
Legal Description: NW ¼, Section 4, Township 20S, Range 13W, Barton County	Longitude: -98.77316	
Latitude: 38.34576		

The proposed action consists of renewal and reissuance of an existing NPDES/Kansas Water Pollution Control (KWPC) Permit for an existing facility. This facility produces and/or packages dog food and a variety of dog chew treats. Slaughtering, rendering, and tannery processes are not performed at this facility. The facility conducts sausage grinding, stuffing, and oven cooking of about 20,000 pounds per week of shelf stable pet food rolls, processing of bones by removing meat fractions, bleaching and drying of the bones and filling the marrow area of the bones with the shelf stable food filling. Cattle hooves and rawhide rolls dried elsewhere are cut and filled with the shelf stable food filling. Packaging and clean-up operations are also performed. The facility has a schedule of compliance for meeting the terms of their study and report agreement with the BOW Geology Section. This permit contains limits for BOD, TSS,

and Oil & Grease. The permit contains monitoring for Chloride, pH, Ammonia, Nitrate + Nitrite, Total Kjeldahl Nitrogen, Total Nitrogen, Total Phosphorus, Chloride, and E. coli.

Persons wishing to comment on or object to the draft documents and/or permit applications must submit their comments in writing to the Kansas Department of Health and Environment (KDHE) if they wish to have the comments or objections considered in the decision-making process. All written comments regarding the draft documents, application or registration notices received on or before **OCTOBER 26, 2024** will be considered in the formulation of the final determination regarding this public notice. Please refer to the appropriate Kansas document number (KS-AG-24-291, KS-AG-24-292/309, KS-Q-24-184/196) and name of the applicant/permittee when preparing comments.

All comments received will be responded to at the time the Secretary of Health and Environment issues a determination regarding final agency action on each draft document/application. If response to any draft document/application indicates significant public interest, a public hearing may be held in conformance with K.A.R. 28-16-61 (28-46-21 for UIC). A request for public hearing must be submitted in writing and shall state the nature of the issues proposed to be raised during the hearing.

Comments or objections for agricultural related draft documents, permit applications, registrations or actions should be submitted to the attention of Casey Guccione, Livestock Waste Management Section at the KDHE, Bureau of Environmental Field Services (BEFS), 1000 SW Jackson, Suite 430, Topeka, KS 66612. Comments or objections for all other proposed permits or actions should be sent to Andrew Bowman at the KDHE, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612.

All draft documents/applications and the supporting information including any comments received are on file and may be inspected at the offices of the KDHE. For agricultural related draft documents or applications an appointment can be scheduled, or copies requested by contacting Jada Martin at 1000 SW Jackson St., Suite 430, Topeka, KS 66612, telephone (785) 296-0076 or email at [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov). Las preguntas o comentarios por escrito deben dirigirse a Erich Glave, Director, Bureau of Environmental Field Services en KDHE: 1000 SW Jackson St., Suite 430, Topeka, Kansas 66612-1367; por correo electrónico: [kdhe.feedlots@ks.gov](mailto:kdhe.feedlots@ks.gov); por teléfono: (785) 296-6432. For all other proposed permits or actions an appointment can be scheduled, or copies requested by contacting Jamie Packard, Bureau of Water, 1000 SW Jackson St., Suite 420, Topeka, KS 66612, telephone (785) 296-4148 or email at [Jamie.Packard@ks.gov](mailto:Jamie.Packard@ks.gov). These documents are available upon request at the copying cost assessed by KDHE. Application information and components of plans and specifications for all new and expanding swine facilities are available on the Internet at <http://www.kdhe.ks.gov/livestock>. Division of Environment offices are open from 8 a.m. to 5 p.m., Monday through Friday, excluding holidays.
